

Cookies

Our website uses cookies to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site.

A cookie is a small file of letters and numbers that we store on your browser or the hard drive of your computer if you agree. Cookies contain information that is transferred to your computer's hard drive. You can learn more about managing cookies at About Cookies:

<http://www.aboutcookies.org.uk/managing-cookies>

There are different types of cookies:

- **Necessary Cookies**
Necessary cookies help make a website usable by enabling basic functions like page navigation and access to secure areas of the website. The website cannot function properly without these cookies.
- **Statistics Cookies**
Statistic cookies help website owners to understand how visitors interact with websites by collecting and reporting information anonymously.
- **Analytical / Performance Cookies (AP)**
These allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.
- **Marketing Cookies**
Marketing cookies are used to track visitors across websites. The intention is to display ads that are relevant and engaging for the individual user and thereby more valuable for publishers and third party advertisers

You can find more information about the individual cookies we use and the purposes for which we use them below:
